Lot 28 BBH GB20 30603 'Leonelli'

Introduction

I made contact with Ron Hillcoat UK who had visited Eijerkamps in Holland and spent a massive amount of money purchasing all the children of their key champion Lambrechts/Ceuster lines. For many years Ron was an oil executive in the USA which generated his substantial wealth over his working lifetime. He returned to his roots in Yorkshire and pursued his two true loves, pigeon racing and riding Harley Davidson motorbikes. Ron is a true gentleman with meticulous records and an ultra sharp intellect. This reflects in the very impressive array of birds which he purchased from Eijerkamps. I was interested in the Stefaan Lambrecht birds which had dominated the Eijerkamp loft over a number of key race seasons. If you carefully review these pedigrees you will note the background birds are effectively the best of the Herman Ceuster pigeons and the Van De Buik pigeons.

This hen Leonelli is very special in that she is a double granddaughter of the famous Olympic Leo 1st German Olympiade pigeon for Jan Roeper. This bird was purchased by Eijerkamps for a large sum of money as he had a superb race record 6x top 3 up to 4,000 birds.

SIRE

NL18 8297 Direct son of Olympic Leo

DAM

ML17 1820 direct daughter of Olympic Leo by daughter of Nieuwe Olympiade
